

JOB DESCRIPTION

Job Assignment: DENTAL ASSISTANT

Our company seeks strong-willed and determined DENTAL ASSISTANTS who are willing to work in a patient focused environment and have the ability to succeed in any given environment. The qualities possessed by these individuals must include and are not limited to: drive to succeed, provide exceptional patient care, be personable and empathetic, have ability to work well with others, work in a team oriented office, and display a high level of professionalism. This is an opportunity to become part of a very successful and fast growing company. The dental team these individuals will be a part of, strive for continued excellence with the patient being the main priority.

REQUIREMENTS:

The ideal candidate for an assistant will have experience working in a dental clinic, using Dentrix software, and have an expanded functions license in NE. At minimum, they must have a license in dental radiography.

Job Type: Full-time

Benefits: We offer a very competitive benefit package: employer match 401K, health insurance, free dental care, PTO, monthly bonus incentive, paid holidays, uniforms, in-house continuing education (CE), and a competitive salary!
